PROGRAM OVERVIEW

Hennepin County Medical Centers offers a PM&S 36 podiatric residency program. The residency will take 2 residents per year. Residents have been selected from many podiatric medical schools. Student externs who function well obviously have an advantage in the application process.

The overall goal of the training program is to facilitate the acquisition of the essential training resources required to sit for board qualification in Foot Surgery as well as Reconstructive Rearfoot & Ankle Surgery by the American Board of Podiatric Medicine (ABPS). This large teaching facility is a Level I Trauma Center, based in the heart of downtown Minneapolis. The program is affiliated with other large clinics and hospitals in the Twin Cities area to offer a diverse patient population for the learning experience. All staff members are Board Certified by ABPS. Please feel free to contact the resident staff (Dr. Jensen or Dr. Johnson) if you have any questions. Preferred phone number is 612/873-4220.
