AVAILABLE RESOURCES
Sample Contract: Contact Program
Benefit Package: Contact Program
Curriculum: Contact Program

PROGRAM OVERVIEW
Our well-rounded program is unique as the 1st year resident serves as a General Surgery Intern. Podiatric residents receive an equitable training experience as to allopathic and osteopathic residents. 1-month rotations consist of Hand/Plastic, Vascular/Anesthesia, Trauma, Burn, Burn Night, General Surgery, IM, ID, Pod, Neurosurgery, etc. This is an excellent opportunity to work at a busy Level I Trauma Center as well as the internationally recognized Arizona Burn Center. Junior and Senior residents circulate through Podiatric and Orthopedic rotations as well as working with well-known community podiatrists. A developed research curriculum is set during the 2nd year of training to allow for completion of research or publications. An extensive didactic curriculum will fully prepare future graduating residents for both medical and surgical board certification. Residency candidates are judged based on academic background and interview performance.
