PROGRAM OVERVIEW

UnityPoint Health - Trinity Regional Medical Center Podiatric Surgical Residency emphasizes comprehensive patient care experience, from new patient encounter to discharge. Ongoing experience includes in-patient and out-patient surgical management, diabetic foot management, adult and pediatric reconstruction, infection management, ER trauma call and office-based foot and ankle care including extensive practice management. Residents are actively involved in all hospital departments. Evidence based learning is stressed throughout the residents' training, providing a broad background in evidence based medicine.
