PROGRAM OVERVIEW

The program provides comprehensive podiatric training. It features a strong emphasis on general medicine. Top program provides training in a wide diversity of settings, patient types and faculty. Podiatry features dedicated training in biomechanics and wound care. The program is supported by the extensive educational and clinical facilities of a major academic health science center.

*Individuals not in the top 50% of their class but who do a clerkship may be considered for the program based on their performance.
