PROGRAM OVERVIEW

LUMC provides excellent clinical & surgical experience for a PMSR/RRA 36 month program for 3 residents. Podiatry & Orthopedic surgeons perform a high volume of forefoot and rearfoot reconstructive foot and ankle surgery. Our residents work with internationally known orthopedic and podiatric surgeons. Our program provides exceptional pediatric training with Dr. Edwin Harris with additional exposure with the Ortho Pediatric service. Our residents training model for the PMSR/RRA is a graduated tiered system. Loyola is a level 1 trauma center with our resident experiences with acute trauma throughout all training years and with ED call. Our program is designed to supplement your didactic knowledge with clinical experiences. The Loyola Podiatry and Orthopedic clinics and rotations as well as Hines with Podiatry clinics, focus on all aspects of Pathology of the lower extremity. Our surgical subspecialties include General Surgery, Vascular, and Foot & Ankle Orthopedic service. Our additional medical subspecialties include Wound clinic, Dermatology and Endocrinology.
