**PROGRAM OVERVIEW**

The residency program is designated as a PMSR / RRA certified residency program by CPME. The rotations include a wide range of general medical and surgical experiences in which residents are expected to function like their counterparts. Residents receive a competitive salary and benefit package. Experience and training is gained from a wide range of general and surgical rotations, in addition to ongoing podiatric surgical experience at McLaren-Oakland, residents cover cases at McLaren Flint Hospital, Ascension Rochester Hospital, Clarkston Surgical Center, St. Joseph Mercy-Oakland Hospital, Bald Mountain Surgery Center, and Waterford Surgery Center. The program provides a busy Foot and Ankle clinic and is looking to continually increase surgical volume and surgical subspecialty experiences. Residents are expected to develop clinical and surgical skills such that they will be ready to function upon graduation. Furthermore, residents are expected to participate in research leading to presentation and eventual publication.
