**PROGRAM OVERVIEW**

Excellent surgical training with high volume (approximately 750 cases) and high quality procedures (scopes, ex fix, TAR, Charcot recon, etc). Great relationship with orthopedic surgeons. Primary attendings include fellowship-trained foot and ankle surgeons (MD and DPMs). Daily morning didactics including book club and radiology conference. Weekly academics including occasional workshops and wet labs. Monthly journal club and case presentations. High emphasis on research. Good exposure to wound care as we are affiliated with three hospital-based wound healing centers. We are looking for hard-working team players that blend well. CRIP interviews are social.
