**PROGRAM OVERVIEW**

Westchester General Hospital is a 125-bed acute care hospital serving the Miami community since 1966. In 2006, the hospital expanded with state-of-the-art Surgical Department, ICU Unit, Emergency Room, and Med-Surg Unit. Training resources available include North Shore Hospital, outpatient ambulatory surgical centers, outpatient clinics, and private offices. This is a highly academic program with a great deal of responsibility placed upon the residents including an active ER and in-house patient management. Each resident is expected to be fully prepared academically & possess exceptional clinical & surgical knowledge in order to be provided with the opportunity to gain training in surgery of the foot & ankle. A wide array of weekly didactic & research lectures are provided to enhance the residents' fundamental knowledge hence fully preparing them for private practice.

\*\*\*This is NOT a Barry University sponsored program - We accept students from ALL schools.\*\*\*

Applicants will be interviewed at the program's assigned CRIP date.
