

Program Overview

We offer a well rounded surgical program. Excellent outside rotations with the general medical and surgical staff. Wound Center is complete with minor OR's and Hyperbaric Oxygen. Podiatry takes ER call and the residents will get experience handling trauma both in the ER and in the OR. Residents will gain experience in Charcot reconstruction and the use of external fixation.

This being the first year of our program, we will not be part of the CASPR match. Perspective residents will be
