

Welcome to the 2010 Clerkship Handbook, listing institutions with available clerkship positions. The handbook was published on August 13, 2009. Any updates will be noted in the Clerkship "What's New" page on [www.casprcrip.org](http://www.casprcrip.org) under the "Clerkships" heading as well as get emailed to the schools.

Between August and October 2009, SCPM third-year students will be applying for clerkship positions to be served between January through May 2010. They will be using the 2009 application form.

All other students **must** wait until October to begin applying for clerkships. The clerkship programs listed have signed an agreement that they will NOT accept clerkship applications prior to October 15. On October 14, 2009, at 5PM EST, the 2010 Clerkship Application will be published online at [http://www.casprcrip.org/html/clerkships/E\\_obtain.asp](http://www.casprcrip.org/html/clerkships/E_obtain.asp).

This application can be completed in Acrobat Reader but the software may not allow you to save the completed form. Therefore, complete as much universal information as possible. Then amend the areas that vary from clerkship to clerkship prior to printing that particular application.

OCPM students will be applying for clerkships to serve between March 2010 – February 2011. All other students will be applying for clerkships to serve between May 2010 and April 2011.
